## 1 TITLE

Your project should have a title, something a la "Support ..." or "Fund ..." or whatever – The title will be shown, in top of the page on the Banner, on the frontpage in the small "thumbnail" linking to your campaign page and in the tab where the campaign is open, it will also be used in the URL itself (e.i. [www.firefund.net/fundthefilm](http://www.firefund.net/fundthefilm))
